AEG - A Division of Arnscott Electronics Inc.

Arnscott is the Canadian Distributor for Australian Monitor....Contractor friendly sound and video switching and amplification products. Check out our web site for more information

Arnscott manufactures the following products under the AEG logo:

Ceiling speakers, baffles, back-boxes, line matching transformers, attenuators, fire-safety speakers, electrical control equipment, mini-speakers and much more.

AEG now offers a complete line of 19" Metal Equipment Racks and accessories for electronic equipment such as: drawers, shelves, blanks, fans, power distribution equipment, and more. New for 2005 is our 12-space 18" deep wall rack with removable side panels and optional front doors.

Arnscott also manufactures a growing line of ULC Listed fire-safety devices. These products are sold to dealers who are in this industry, and require local sourced products at very competitive prices. If you are a ULC registered installer, give us a call. We would be pleased to assist you with your needs.
