

MP8

Monitor Panel

Description

The Australian Monitor Installation Series MP8 is a 2 RU monitor panel that allows you to monitor any of up to 8, constant voltage or low impedance speaker lines. This can be done via the on-board 2.5" monitor speaker or via the 8 segment VU meter. The MP8 also provides signal present LEDs for each amplifier as well as LEDs to indicate which amplifier is currently selected for monitoring. The MP8 operates from either an AC/DC 12V-24V plug pack or via 24 VDC and boasts ample label space.

Features:

- 8 Zones
- 100/70V Line or Low Impedance Applications
- Includes 2.5 inch speaker with volume control
- Simply select any amplifier via the front panel switch and you can monitor its output through the speaker and via an LED array.
- Signal Present LED provided for each zone for easy troubleshooting
- Loop in, loop out terminal strips for inputs from amplifiers and outputs to speakers
- 2 RU
- AC/DC

We thank you for choosing Australian Monitor Installation Series and, as with all our products, the MP8 contains many clever features and is contractor friendly.
