Commercial Sound / Fire Safety Products

www.arnscott.com

Arnscoff manufactures the following products under the AEG logo:

Ceiling speakers, baffles, back-boxes, line matching transformers, attenuators, Paging Horns, tools, speakers, electrical control equipment, mini-speakers and much more.

AEG now offers a complete line of 19" Metal Equipment Racks and accessories for electronic equipment such as: drawers, shelves, blanks, fans, power distribution equipment, and more.

Arnscoff also manufactures ULC Listed fire-safety devices. These products are sold to dealers who are in this industry, and require local sourced products.
